*The Northwest has one of the highest incidence rates of MS in the country and affects our families, neighbors and colleagues in every community in Oregon and SW Washington. The National MS Society, Oregon Chapter seeks your partnership to increase support for nearly 7,200 individuals impacted by this complex and unpredictable disease.*

*During the evening, you will learn about the mission of the Oregon Chapter and receive an opportunity to make a difference—to join our movement. Through a unique appeal, your participation with a gift of \$100 to \$10,000 will support vital programs and services needed by a growing group of people living with MS. The need is greater than ever for emergency financial assistance, scholarship programs, cutting-edge research, advocacy at the local, state and federal levels, and professional education to help people with MS and their families move their lives forward. Thank you for your investment in our mission.*
